

MOVES Knowledge Transfer Event

The Knowledge Transfer Event was held at Université Paul Valéry Montpellier on 19-20 November 2021, with the participation of project coordinators, early-stage researchers, and representatives of non-academic partner institutions.

The early-stage researchers and representatives of non-academic partner institutions presented the results of the secondments and the contribution these made to the work of the institution and to the research projects and overall career development of the early-stage researchers, and the synergies between the MOVES project and the activities of NGOs and cultural institutions.
